

Kingsbury Plantation Building Permit Information

Dear full time and seasonal residents,

Are you thinking of building a new addition, camp or home? Renovating or clearing land in Kingsbury?

Effective September 1st 2020 we have an Official Planning Board, Board of Appeals and Code Enforcement Officer (CEO) to help guide you through the permitting process. We no longer contact LUPC/LURC.

Why will you need a permit:

- Additions, New Construction, Renovations, Demolitions, Repairs, Excavation, Roads, Driveways, Decks, Steps, Sheds and Garages- especially near waterbodies. If you are unsure, **please** ask to avoid any potential fines.

To obtain a permit, call our Code Enforcement Officer, Josh Beveridge at (207) 877-4647 or email: kingsburyplantationceo@gmail.com and visit our website for maps, ordinances, directions and our easily fillable PDF permit application:

We all treasure our properties in Kingsbury. Please help us keep our pond clean and properties safe for many more generations!

Thank you,

Kingsbury Plantation Assessors & Planning Board
